

Name_____

Social Media Worksheet: Share a predatory cone snail encounter

Describe three moments of the interaction you observed between the snail and the fish for sharing on social media. Try to describe what happened at the start, middle, and end of the interaction, thinking about how you can accurately represent the predation event in a way that will earn as many likes and shares as possible.

The image shows a completely blank white rectangular area enclosed within a thick black frame. The frame consists of four solid black lines forming a rectangle. There are no markings, text, or illustrations on the white surface.
